Blog

My name is Elizabeth Brennan and I am a graduate student at Columbia University. When I was an undergraduate I studied abroad at Trinity College, Dublin. It was during this time I became a Yeats afficiando, a lover of the Bleeding Horse, bulmers, and everything Ireland. Use this site as a source to learn more about Ireland from those who have experienced studying abroad first-hand! Test your knowledge throughout the units and see how ready you are to study abroad in Dublin!
